

WDO1500VA UPS

Description

The WDO1500VA is a compact UPS designed to protect computers and essential electronic equipment against power failures and voltage fluctuations. With a capacity of 1500VA/900W, it provides reliable backup power for home and office use.

Features

- 1500VA / 900W capacity
- Durable metal housing
- Protection against power outages
- Durable metal housing
- Compact and practical design
- Ideal for computers and office equipment
- Easy to install and use

Specification

General		
	Capacity	1500VA/900W
	Materials	Metal
